"Echo I" 4c Stamp In Purple

East German Set For Railway Anniversary

East Germany has announced the December 5 first day of a set of three values to mark the 125th anniversary of German railways. One value will show a rail and ferry station; the other two, trains.

The 10 pfennigs green and slate gray will feature a modern double-deck streamlined coach on the "Express of Young Socialists", with the stylized red and slate gray showing the Sassnitz Harbor combined rail and ferry facility. It depicts a train boarding the ferry "Sassnitz".

The limited issue high value, 25pf. blue and slate gray, shows the 1835 locomotive "Adler" standing beside the "V180" diesel engine of the most modern type, with a string of double-deck coaches at the rear.

The designs were created by Dietrich Dorfstecher of Glienicke, with offset printing done on the usual quatripartite wmk paper by the VEB Deutsche Wertpapierdruckerei, Leipzig. Official FDC's planned.

South Africa Cents Values February 14

The South African post office has announced the decimal set with values in cents to be issued February 14 will include nine of the existing Animals designs and four of the present commemoratives.

The projected complete new issue in new designs will appear only after the republic has been proclaimed, and that will not take place before May 31, 1961.

It does not follow that the complete new issue will appear on that date, or that the republic will be proclaimed on that date. The probabilities are however, that both events will take place on May 31, 1961, according to the Robertson Stamp Co., Box 5826, Johannesburg, South Africa.

ECHO I AND A PORTION OF THE GLOBE, connected by rebounding radio waves, are featured on the 4c purple stamp to be issued in Washington, D. C. December 15 to note the world's first communications satellite. The design is based on a drawing by Ervime Metzl, with engraving by Charles R. Brooks (vignette) and Howard F. Sharpless (lettering and numeral). Printing will be the usual 120,000,000 copies in panes of 50.

Rascals, Riot, Reaction Mark Lebanon's Third Refugee Set FD; One-Dealer Crusade Rises

Bruce Conde

November 7, just before America's "big event" of the year, was supposed to be a red letter day for Beirut philatelists; instead, it turned out to be a riot.

Lebanon's reprinted World Refugee Year (100,000 total, of which 50,000 went to the UN and 22,000 were presumably sold in Lebanon, leaving 28,000 remainders) was to be issued on this day in overprinted form as a semipostal set, for the benefit of refugees in Lebanon.

As an issue of 28,000 semipostal sets, it being understood that the general public would not buy any appreciable quantities such as is the case with ordinary commemoratives, it was supposed that the quantity issued would be sufficient to fill normal export and internal dealers' needs. The regular dealers had submitted their requests for ample supplies to meet standing orders, chiefly from the United States.

To their great surprise, only 8000 sets were so allocated — not enough to fill even half of the orders on hand — and 20,000 sets remained in the post office for the postal officials to "distribute" according to certain peculiar ideas of their own.

To begin with, philatelists were supposed to be allowed to purchase three or four sets for their own

collections. This involved the painful process of waiting interminably in line in front of an official's office to get a "permit" to make the small purchase at face, and then waiting another similar period in front of another office where the stamps were dishied out to them as though they were part of the crown jewels.

But this was not enough. A band

Communications Balloon Orbits On 46th Stamp Of Year; Color Of Gandhi 4c Will Be Orange

The 4c Echo I "Communications For Peace" stamp, to be first placed on sale in Washington, D. C. on December 15, will feature the balloon-like communications satellite in orbit with a part of the earth in the lower left portion of the design, according to Postmaster General Arthur E. Summerfield.

Radio waves to and from Echo I are denoted by arched lines, and a single star is shown in the upper central portion of the design. Across the top of the stamp, in white Gothic lettering, is the wording "Communications For Peace", and at the right "Echo I". The additional inscription "U. S. Postage" and the denomination "4c" appear to the bottom right.

There will be 120,000,000 of these stamps printed in purple on the Cottrell presses, electric-eye perforated. This stamp — the 46th of the year — which will measure 0.84 by 1.44 inches, arranged horizontally, was based on a drawing by Ervime Metzl of New York. The vignette was engraved by Charles A. Brooks and the lettering and numeral by Howard F. Sharpless.

Collectors desiring first day cancellations may send addressed envelopes to the postmaster, Washington 13, D. C., with remittances to cover the cost of the stamps to be affixed. Each envelope must be marked, in pencil, in the upper right corner indicating the number of stamps to be affixed (singles, pairs, blocks, or otherwise).

An enclosure of medium weight should be placed in each envelope and the flap either turned in or sealed. The outside envelope to the postmaster, Washington 13, D. C., should be clearly marked "First Day Covers 4c Echo I".

Collectors are cautioned to send these covers separately. Any orders containing requests for other issues will be returned unserved by the postmaster. Collectors are also cautioned that orders for first day covers must not include requests for uncanceled stamps.

The 4c Mahatma Gandhi "Champion of Liberty" stamp, will be printed in the same shade of orange as in the flag of India, and not in blue as previously noted. The 4c and 8c Gandhi duo will be initially placed on sale January 26 at Washington (13), D. C.

Charles R. Chickering of the Bureau of Engraving and Printing modeled the 4c Range Conservation stamp, based on the design by Rudolph Wendelin of the Department

of Agriculture. The vignette was engraved by Matthew D. Fenton and the lettering and numeral by George L. Huber. This stamp will be released February 2 at Salt Lake City, Utah.

Two die hubs are being used by Washington, D. C. from December 1 through January 31, 1961 with the wording "WHITE HOUSE CONFERENCE ON AGING JANUARY 9 - 12, 1961".

New "Peace Through Stamps" Cover Offer

The use of stamps as a propaganda medium has long been favored by many factions, prominent among them being the communist distribution of canceled-to-order material in the Afro-Asian areas. In opposition to this is, of course, is our own "Stamp Out Communism" program operating from New York.

Now reported from Alexandria, Egypt is yet another organization which employs philately in its "Philatelic Crusade for Peace" endeavors. Headed by Constantine St. Tsirimonis, it offers to send an interesting "Rainbow of Peace through Stamps" cover to anyone requesting same.

There is no cost or obligation involved. Comments on requesting letters will be appreciated; the address is Philatelic Crusade for Peace, 7, Sinan Pasha St., Box 1194, Alexandria, Egypt UAR.

VOX POP

November 21, 1960

Dear Mr. Rueth:

Since writing the letter which appeared under your "Vox Pop" heading in the "current issue of Linn's, I have obtained further information which leads me to believe that Mr. Finbar Kenney's explanation of the UN souvenir sheet situation was sincere and (in fact) well reasoned.

Before my letter was published, I had been shown evidence that the Stolow firm did indeed deliver the souvenir sheet to its regular new issue customers at 15% above face value, in quantities based on customers' regular purchases of UN material.

Also it is my understanding that a phrase was omitted from Mr. Kenney's dictated letter, so that his sentence to which I particularly objected should have read: "There is no way that anyone can control philatelic speculation, once a fixed quantity is announced, other than restricting sales." The italicized phrase gives validity to the rest of the sentence.

I regret that part of my argument was based on faulty information that I had received. You are at liberty to print all or any part of this letter if you wish.

Very truly yours,

(Signed) Henry Howland

(*The issue referred to is that of November 21.)

Linn's regrets the publication of material which Mr. Howland now admits was in error. Any statement in the former article, which may have been considered damaging, is hereby publicly retracted.

Scandinavian Area Philatelic Activity

Axel Miltander
Bevaringsgatan 11
Gothenburg, Sweden

Recently there came a knock at my door. I opened it and met a charming lady. "My name is Betty Meta Schlichting from New York," she said. "I am in Gothenburg for just a short visit. Many thanks for the prize."

"Which prize?" I queried. "I won one of the five prizes in the contest held by Göteborgs-Posten in Linn's Weekly last season," she explained.

Miss Schlichting is working for Eastern Airlines. She had a vacation of ten days and felt it would be a good idea to take a trip to Sweden, even if the weather was the fall rainy sort. The prize in the contest gave her the idea of visiting Scandinavia. She had never been here before.

Don't say that philately is an unimportant factor in one's life! A prize in a contest, a trip to another part of the world, international understanding — and what more?

"I feel that I am at home in Sweden, feel it after this short time. So I am planning to return to Scandinavia next year for a longer vacation," Miss Schlichting said.

We discussed philately. I learned that a huge percentage of all collectors in the States reads Linn's, and that lectures often are held in clubs over there. I also understood that the interest in Scandinavian stamps is growing rapidly. I know this also by another prominent fact — U.S. collectors are ordering old stamps from our Philatelic Agency in big lots. Result: many of them have been sold out. Result again: prices increase.

Here I have another human story, in the form of a letter from James

Edwin Lee in Wellesley, Mass. He said:

"To my surprise I found in a recent column the name of an old friend of mine, Ed Ward of Scarsdale. He and I were active members of a stamp club in Plainfield, N. J. about 20 years ago. Needless to say I wrote him immediately.

"About a year ago I took a dollar ad in the Göteborgs-Posten looking for collectors to trade stamps with, and got twelve replies.

"Out of the lot I have made about five really good friends, including a young lady in Norway who takes a lot of trouble with my wants. In turn I am trying to fill in some of those blank spaces in her U.S. collection."

It is exciting to feel that you live in one part of the world and are the means for a meeting of two old friends in other parts of it. Again — such a wonderful hobby!

"I do not collect stamps, will never do it. But read Linn's weekly every week just because of your reports from Scandinavia. I have heard about them in our Wasa-club," wrote another correspondent.

Such a good idea again! People outside our hobby mostly think that stamps only are paper, watermarks and perforations. When they begin to read philatelic papers they discover the big mistake they have made. Stamps are much more a matter of history, art, geography, human life than of mere perforations and watermarks, don't you agree?

Promoting Stamps Among Youth

A recent letter from Mr. Manfred R. Lehmann brought with it the front page of a magazine titled "Junior Scholastic". It pictures seven stamps from countries of which Mr. Lehman has the philatelic agency and whose sale he is promoting. The magazine is one that has a tremendous circulation in the high schools of America.

GEORGE W. LINN

I am going to quote a paragraph from the letter. Here it is
"You have in the past commented editorially on national magazine articles dealing with stamps. You will therefore be no doubt interested in knowing that through our cooperation the 'Junior Scholastic', a magazine read weekly by seven million high school children, recently featured the stamps of newly independent nations of Africa as a medium to study political history and geography. As you know, we are constantly seeking new avenues of popularizing stamps, and it has for a long time been my personal conviction that if educators are properly enlightened of the value of stamps, untold millions of school children can be won over to the hobby with the encouragement of parents and teachers. It would be a happy day for the hobby when all forces interested in philately, not the least Philatelic Editors, embark on such a positive crusade, rather than practice destructive self-criticism."

I agree fully with everything Mr. Lehmann says in the above paragraph, with the single exception which I think is aimed at me, where he says in the last three words of the paragraph "destructive self-criticism."

We did speak highly of the stamp stories in the Post and in LIFE magazine. We have in the past referred to with approval, articles in many different trade magazines, none of which however were in any manner associated with or concerned with promoting the sale of any stamps. There is a plan behind Mr. Lehmann's promotion through Junior Scholastic and that plan has to do with increasing the sale of stamps, primarily those for the agencies he represents. We can not blame him for this as that is his business. He is a very alert operator. In fact he has picked out a field that has made him more money than any other stamp dealer in the world. For that is just what he is, a stamp dealer and a very smart one at that.

However we are of the opinion that he lacks all the qualities of a true philatelist who loves the hobby and likes to see it kept clean. Not that we would ever think of stating that Mr. Lehmann has done anything of a dishonest nature. He has, we believed, practiced business methods common in the stamp world, that have been undesirable.

Our objections to such methods have been due of a strong belief that there are plenty of good clean stamps in the world to provide stock in trade for all the dealers, without manufacturing more material for the sole purpose of selling it to collectors. Each year thousands of youngsters come of age where they get interested in stamps. They know nothing about the dangers and pitfalls of the hobby. Many are led along lines that cause them to give it up after a brief span of collecting.

Every once in a while some collector gets a real thrill in making a real find. At the Florex 1960 show in Leesburg, Fla. on November 4, 5, 6, a Mr. Lee of New Jersey showed a used copy of the Canada-United States Seaway stamp with inverted center. This stamp was found by a collector in a lot of so-called Mission Mixture. From the present knowledge regarding the number of these stamps in existence, this stamp will rank near the top in world rarities. It is an absolutely legitimate find and as such can not be condemned.

However when it comes to printing a batch of souvenir sheets, any man interested in the project can get a fair estimate as to how many can be sold at a fair price. A fair price will depend on the face value of the sheet. If of low value, double face could be right. If of high value, 25 to 50% over face should be plenty to cover sales, cost, etc.

But when such sheets come into the market in short supply and are obtainable only at ten to twenty times face value we believe that those guilty of putting such things in the market should be condemned for doing so. We also believe that when a country issues stamps solely to make a quick buck by selling to collectors that it is an improper way to do business. We know of course that such practices have been common among many countries even before Mr. Lehmann got into the act.

We do not believe that our objections to such acts are "destructive". Apparently other publishers do for we have yet to see any of them condemn such practices. We have had hundreds of letters in the past year highly praising our lone effort to bring cleanliness to the stamp trade.

Mr. Lehmann is not alone in the offense we dislike, for the latest act of this nature has come from the United Nations. A 12c sheet was sold out in a few days and greedy dealers who got a pile of them are asking up to \$2.50 each. It is this kind of stamp dealing and stamp making and issuing that is very harmful for the hobby and should be condemned by every publisher and by every stamp society in the nation.

United Nations was highly over exploited a couple years ago and did suffer from such exploitation. It was slowly coming back in favor, but acts such as this will not help in gaining the good faith of collectors.

A late letter from one quite large dealer stated that he ordered and paid for 1500 of the sheets and that theorizer was filled by sending him just 20 (twenty) sheets. Who got them????

New "Topical Digest" Now In Preparation

The American Topical Assn. has announced the criteria set forth by editor John Henry Richter, for inclusion or rejection of topical articles for "Topical Digest No. 3", a 68-page volume containing 35 articles on about 20 different topics. First, Jerry Husak, Brother Camillus, O.S.F. and the ATA Translation Service scanned thousands of articles in about 50 different stamp magazines around the globe. Some 500 topical articles were then sent to Mr. Richter, who with his committee selected the very cream of the best 35 articles and translations. No pains were spared in the preparation of this useful volume which follows the popular Topical Digest Nos. 1 and 2. Topical Digest No. 3 (Handbook No. 31) can be ordered at a low pre-publication price of \$2 (regular \$3) from the American Topical Assn., 3300 N. 50th St., Milwaukee 16, Wis. Immediate acknowledgement of order; delivery early in 1961.

German "Buildings" Specialized Catalog

"This word 'unique' is handled rather loosely in the stamp world," commented Olaf Kahrs in a note accompanying a copy of his latest catalog, "but I think I qualify for it—I deal in just one set of stamps, the German 'Buildings' of 1948!" There are 28 basic stamps in the series, with over 180 principal varieties listed and literally thousands of minor errors and flaws for the consideration of the specialist in that area of philately.

Mr. Kahrs' catalog "1960 Bautenserie 1948" was edited by Dr. Heinrich Wittmann of Munich aided by Paul Salomon of Passau-Hacklberg. It is in German, about 6 x 8 in size, paper bound, with 56 pages and a high number of enlarged drawing illustrations. For the specialist who wants a lot of collecting at a modest outlay of funds, the field is attractive and the catalog a "must". It is available from Mr. Kahrs, O. K. Stamps, Box 782, Boca Raton, Fla.

THE HOUSE OF PHILATELY
340 W. 86th St., New York 24, N.Y.

Carl P. Rueth

Just returned from the 12th annual American Stamp Dealers' Assn. national postage stamp show in New York City, November 18 to 20. This is the yearly affair held in the 71st Infantry Regiment Armory, Park Ave. and 34th St. Lots of things were going on both on and off the premises.

For the first time I had a camera with me. As a result in our edition of next week there will be pictures pertaining to the show and various social and philatelic events which went hand in hand with it. There are more and more tie-ins each year, so much so in fact that one can spend quite a bit of time picking up news attending them. That I did, in a number of cases.

The weather was gorgeous. Even the thinnest skinned could walk around outside with but a suit coat—it was that warm. Skies were bright and sunny during the day, while the evenings were mild and pleasant. This condition should have brought out tremendous, record-breaking crowds, but it didn't. Attendance was several notches below last, and previous years, while many of the dealers holding booths claimed business was not as good as before.

Economically, there seemed to be much sentiment that business of all kinds was on the slow side. However, people were spending heavily for stamps and there seemed to be much money about, which indicates that our hobby is still in a most healthy condition. Nevertheless attendance was down which also meant that gross spending was likewise.

More dealers than ever held booth space this year. Practically all the "old-timers" were there, those firms which have been represented at ASDA Shows of the past. It was good to see them again—one gets to form friendships and pleasant associations over the years—I feel fortunate in having gotten my share of them.

Hottest topic of conversation and controversy was the October 24 souvenir sheet of the United Nations. That is the one which was printed in a quantity of one million and which could have been sold in double that amount and more if the UN Postal Administration had not been influenced to the contrary.

Of course nearly every one with a gripe on the subject felt he should have been able to buy all he wanted of them, a view which I share 100 per cent. Even though the object was speculation and future profit thereby it would have helped the hobby to have gotten some of the fingers burned of these would-be entrepreneurs. They would have learned the "hard way" after trying to peddle hundreds of the sheets if the sale had been strictly unlimited and unrationed.

As it was several large firms were severely criticized, and the UNPA damned roundly, because they were able to obtain at least 20,000 copies of the sheet each, when most other orders were curtailed considerably.

There were also rumors of price-fixing on the sheet, and the agreement to release it in dribbles to the public. Summing up the comments the UNPA is accused of accepting some terrifically bad advice, and that some favored few were given advantages to which they were not entitled. As a result the favored few are really making a killing on an item which should have been freely available to all in any quantity for a period of at least three months.

I would urge every one with a bad taste in his mouth on this matter to direct a letter of protest to the "Chief, United Nations Postal Administration, United Nations, N.Y." Don't write to me; I've had my say in print.

1. Two of the Pan-American set of six do not have water in their designs. Name the denominations.
2. Which of the values of the Trans-Mississippi set, up to and including the \$1, do not have animals in their designs?

There were three different cancellations available in New York City

in conjunction with the first day of the Lincoln Credo stamp on November 19. This means official postmarks and not those which might have been gotten from the post office sub-stations and other places permitted to obliterate mail.

At the main post office was the usual with "FIRST DAY OF ISSUE" between the killer bars. At the ASDA Show in the Armory was the legend between the bars of "FIRST DAY OF ISSUE / A.S.D.A. NATIONAL POSTAGE / STAMP SHOW STATION". While the post office set up in the Commodore Hotel used a cancel which read "FIRST DAY / NATIONAL URBAN / LEAGUE STATION".

As far as I know the Urban League Station postmark was a hand-stamp inasmuch as no cancelling machine was in evidence. It was open from 10 a.m. to 4 p.m., November 19 only, and consisted of two postal men cancelling mail on card tables on the mezzanine right near a small room with a counter where the Credo stamp was sold.

The Armory station and the GPO applied hand and machine postmarks under the usual regulations. There was a staff at both which did everything possible to meet collectors' needs. The Armory one was jammed all the time even though it had six windows from which to buy stamps, and two where one could get his mail handled. The postal employees know they have had a job after three days ASDA Show duties. They must be commended for their diligent efforts to satisfy all possible requests for stamps and service.

Some collectors are thoughtless in the purchase of stamps. All comments available at the Philatelic Agency in Washington were also in stock at the Armory. Time after time some one would ask for one of each which caused the clerk to spend 50c worth of time to sell a dollar's worth of stamps. This caused the lines to become even longer.

I'd suggest to the POD to limit purchase of other than the commemorative of the day to three of the six windows, with the remaining quarter dozen devoted to the new one. They'd have less people sore about the whole thing.

Representing the Post Office Department at the first day ceremonies and the various other events were Assistant to the PMG Rohe Walter, Director of the Division of Philately Franklin Bruns, and Curator of the POD's Philatelic Museum Stanley Hodziewicz. Also very much in evidence was Robert E. Fellers former head of the POD's Philatelic Division and now retired from service.

Mr. Walter and Mr. Bruns carried the public relations duties of the Department via speeches and being present for the ceremonies at the Armory and the formal dedication of the stamp at the luncheon at the Hotel Commodore sponsored by the National Urban League.

Souvenir program collectors will be interested to know that the official one for the Armory affair differed from the Urban League Luncheon one in the cancellation given to the affixed stamp. The latter kind are on the scarce side since but enough were made up to give one to each attendee. Further, none were left behind on the tables even though many were not collectors. Stanley Hodziewicz supervised the postal set up and functions as he has for some years past. Under his guidance things of concern to the POD seemed to run quite smoothly.

On display for the first time at an ASDA Show was the Post Office Department's striking, up-to-

date exposition of philately and progress. It is said to have been a triumph at the First International Philatelic Congress at Barcelona, Spain last spring, a deserving tribute. It is the first time I have seen it other than in pictures. There is a suggestion to the Department, that being to use the same type arrangements to show some of the scarce material which was brought to New York each year in the past.

On the social side were some top-notch receptions and get-togethers. Foremost among these was that of Col. and Mrs. Donald P. Sherman (he's in charge of the Armory) who each year invite friends to their suite in the building for refreshments. Here one meets the Who's Who of Philately if they are in town.

Mr. and Mrs. Jacques Minkus held a reception for friends and some members of the trade at the Vanderbilt Hotel. This was a well-attended event which provided a meeting place for the many fine friends gained with the yearly visits to New York. The Minkus firm had publicity on hand for its catalogs, albums and other products.

About as international a reception as one could get to was that hosted by Mr. and Mrs. Manfred Lehmann. They handle the agencies for a number of the independent nations of Africa stamps and literature of which were set up in several attractive displays. Also on hand to greet collectors were officials of these countries assigned to the United Nations and Consulates.

The usual Saturday evening affair for ASDA members hosted by Mr. and Mrs. Peter G. Keller (he's executive secretary of the organization) provided an excellent opportunity to meet many of the dealers who have provided Linn's readers with merchandise via ads. This is in a most relaxed atmosphere due to the Kellers' ability to be good hosts, and the fact that after twelve hours at the show everyone is too pooped to be otherwise!

There were other friends met and enjoyed who shall have to remain unnamed including the hundreds who drop around for a "hello" at our booth.

The duties at the show are most tiring, what with irregular meal times and being on one's feet almost the full twelve hours per day. It usually takes a week to get over this beating, but I wouldn't want to miss coming to the ASDA Show with its opportunity of meeting so many of the subscribers and dealers who have cooperated with us, on a bet. Next year's show will probably come before I know it—I'm looking forward to its arrival already.

MINT U.S. SETS AND SOUVENIR SHEETS AT BELOW MARKET PRICES

We are continually asked how we can sell our material at prices so far under actual market values. It actually is no secret, the answer simply is this, we buy in large quantities and we sell in large quantities and take a small profit for our effort. We do not specialize or speculate in anything, that is why our offerings are so diversified and our volume so large. The below listed stamps are not culls or throw-outs as you might expect at these prices, but you will find them all the way from fine to superb, and in practically all instances, superior to the average grade of stamps being offered on the market today. If, however, you are not completely satisfied, we only ask that you return the material within 3 days for a complete refund.

Notes From The Italian Area

Pierson Ostrow

Definite release dates have been set for two Italian and two Vatican issues. A 30 Lire Caravaggio stamp was to go on sale in Italy November 25 and on December 6 the Vatican will place its two sets on sale simultaneously.

These are 40, 70 and 100L. values in honor of Sts. Vincent de Paul and Louise de Marillac, and 10, 15 and 70L. Christmas stamps.

Finally, on December 20 Italy will issue its second Stamp Day commemorative, probably a 20L. item. Barring late developments, this should round off the year's philatelic program for the Italian world.

AMG Discoveries — Meanwhile, two interesting and apparently unchronicled AMG overprints have come to this writer's attention. The 35L. "Naples" overprint, Scott No. 1N11, has been found with the overprint badly misplaced.

One copy shows only the word

"GOVERO", and that at the very bottom of the stamp. The other shows the words "MILITARE ALLEATO" at the very top of the stamp and "GOVERNO" at the very bottom, with a space between.

Both varieties have been expertized by A. Diena and attested to as genuine.

No Discovery at All! — AMG collectors, incidentally, are warned against paying a premium of any kind for Trieste No. 14 with perforation 14½x13½. This stamp is apparently being offered by unscrupulous or ignorant dealers as a rarity.

Actually, so far as this writer knows, this is the only perforation in which this stamp is to be found with AMG-FTT overprint.

Yes or No? — A recent article by another Linn's columnist denied the story that a heliport is being built within the confines of Vatican City. Authority for the denial is an unnamed "authoritative source".

The original story came from a New York Times story by the very reliable Rome correspondent, Arnaldo Cortesi, with by-line date of August 4.

Pakistan Stamp Duo For Medical College

Pakistan released two commemoratives of identical design November 16 to mark the centenary of the King Edward Medical College at Lahore. The motif features the college insignia, with suitable inscriptions in Urdu, Bengali and English.

The 2 annas is Prussian blue and golden yellow, the 14a. black, carmine and green. Editions are 600,000 and 300,000 respectively, photogravure printed by De La Rue of London in sheets of 80 subjects, according to details supplied by Dwarakadas Jivandas, 43 Cotton Exch., Box 4678, Karachi 2, Pakistan.

Stamp Activity On Spanish Front

Carlos Lenze
Barquillo 29
Madrid 4, Spain

On November 21 the new Samos Monastery set appeared. It is the second of the program "Famous Monasteries", the first being the Guadalupe of last year. Beautifully engraved in sheets of 25 by the Madrid Mint, all collectors of Spanish issues and "Religion on stamps" will enjoy this offering.

November 23 saw the release of the Stamp Day issues of the African provinces. In each of the four territories of Fernando Poo, Rio Muni, Ifni, and Sahara four values appeared: 10c plus 5c, 20c plus 5c, 30c plus 10c, and 50c plus 20c. There are two different designs for Fernando Poo and Ifni, and three each for Rio Muni and Sahara.

On the Fernando Poo set there are whales, one swimming and the other after his capture by the natives. The Sahara stamps reproduce a fennec, a leopard and another animal which appears to be a fox.

The Ifni designs show the Church "Santa Cruz del Mar" and the new school buildings.

The Rio Muni stamps are very different: one shows a bishop giving the benediction, another a monument of the bishop and the third appears to be a picture from the Velazquez brush.

Next year's March 23 Stamp Day set for Spain will be feature reproductions of Greco pictures.

1961 is the 25th anniversary of the nomination of Gen. Franco as the Chief of the State, and it can be presumed that a series will be issued for this event. Rumors are also going that a set of Spanish dances is in course of preparation.

Colombian Set For Two-Time President

Sometime between December 10 and 15 Colombia will issue a set of four stamps and one souvenir sheet, in honor of Alfonso Lopez (1886-1959), two-time president of the republic, ambassador to Great Britain and elder statesman.

Both the stamps and sheet will carry his likeness. They are being printed in London by de la Rue by heliogravure. Values and quantities will be:

Ordinary, 10c and 20c, 1,000,000 each; airmail, 35c, 3,000,000; extra rapido, 5c, 1,000,000. The 1 Peso souvenir sheet will be in the quantity of 20,000 examples.

Attractively cacheted first day covers will be issued by the Ministry of Communications, according to H. A. Mussenden, Sr., Airbox 5822, Bogota, Colombia.

King Edward VIII
During his short reign as Monarch of the British Empire, just 15 stamps were issued—We still sell All for \$1.
We will send all 15 stamps in clean, beautiful, unused condition. Also with your order we will send "on approval" a book of other unusual sets from all the world—from which you may buy any sets you like—No obligation—We pay postage both ways.

An indirect tribute to American inventor Charles Goodyear who discovered the process of vulcanizing rubber was extended September 19 by Malaya in the release of 6 and 30 sen stamps. Technically, they noted the 15th meeting in Kuala Lumpur of the International Rubber Study Group. The stamps are green on purplish brown and green and blue, respectively. The yellow brown and blue cachet shows a tapped rubber tree. Cover from the author's collection.

We have received a semiphatelatic journal from Nepal. It has been several years since we received a publication in the English language from this remote country, and we start our adventure today with a visit to this remote spot of the world.

Nepal may be found on most any map for it is an independent state in Asia located on the southern slopes of the Himalaya mountain range. It is located near Tibet to the north, Sikkim to the east, and India to the south.

The country has about 5,500,000 inhabitants. The land is governed by a maharaja and a prime minister. The major religions are Buddhism and Hinduism as the land was conquered by the Hindus sometime in the 14th century. Later it was overtaken by the Gurkhas (18th century) who today are the rulers of the land.

In the past we have received requests for United States used commemoratives issues from collectors located in Nepal. Most of the mail came from Kathmandu, the capital. On some maps this city of some 110,000 people is called "Katmandu".

The collectors write in English but they also write and speak Hindi, Nepali and Newari. Their major interest has been stamps from United States or sports on stamps.

The publication we received is called "Pancha Paatra"; it is the hobby organ of a semiphatelatic group. The language used in the magazine is English.

In fact, the publication contains some 18 pages with a page called "Did You Know?" The questions are most interesting and we found out that the highest mountain in the world, Mount Everest, is 29,002 (we did not know about the two feet) and it lies in Nepal.

The magazine lists collectors in Nepal who desire to exchange stamps, covers or postcards. Most of them are in Katmandu and collect first day covers or stamps.

Further, collectors in Burma (a tough country in which to obtain exchangers) are listed. In fact, some collectors who desire to reach for the "road to Mandalay" may now make some contacts, as this city is well represented in the magazine. Also, we note some collectors in Rangoon desire to establish U.S. contacts.

We feel that a publication with the scope of this one in Nepal can only do good for our hobby. Therefore, as a public service to each reader who sends a stamped addressed envelope we shall send the address of "Pancha Paatra" and a wish for happy hunting.

Our mail has been heavy, we must now repeat. Readers who sent us mail from August 10 through Sep-

tember 30 may receive a delay or may not even receive a reply. We have been moving to a new residence, and some mail has been delayed while some has been lost in transit.

The Hague Balloon club made about 16 flights this year, and we can now report one flight which the group made recently.

Earlier this year a balloonport in Holland (first in 50 years) was dedicated. The private "Little Idlewild" from which the bag took off was filled with newspaper men, pilots and the public.

As in all flights by the Hague Balloon Club, there was on board a letter from the mayor of the dispatch city to the mayor of the city at the point of destination. This was to introduce the balloon crew and also to serve as a goodwill message to the official. Of course, there was philatelic mail on board too.

On this flight the craft took off at 10 o'clock at night and landed 30 minutes later. The crew and newspaper men proceeded to the mayor with gifts and the letter from the dispatch city. Response by the official was not good. In fact, His Honor was not pleased with the unexpected invasion.

He asked the group to wait in the dark and after he read the message from the dispatch city mayor he said, "Yes, I'll have to do something for you."

It seemed the mayor of the Balloonport town requested his counterpart to give the group a fine reception, a dinner and any help that might be needed. The unhappy mayor went on:

"It is already 11 o'clock and since yesterday evening I am no longer mayor of this place. Nevertheless, as there is no other mayor at this moment, come in."

The Balloon club members thus received a rather different type of reception as in most instances the mayors think that the flight in an open basket is always very cold, and that flying a balloon is dangerous activity which must be honored with many warm drinks (water of course!) after a landing.

Yes, it appears even in Holland they change mayors.

In all, the program of the Hague Balloon Club was a fine one for this year, with the following flights accomplished:

May 2—National Balloon Race, with some 175 pieces of mail carried by John and Nini Boesman, winners of this event.

May 3—750 pieces of mail in the "HBC BALLOON RACE". This was the first time the Holland PO used a Dutch postmark showing a balloon race.

May 10—110 covers were flown on board Dutch free balloon by pilot K. Jansen. Distance was about 62 miles.

May 17—Flown at Coton-In-The-Elm (Britain) to commemorate the 175th anniversary of the "First Trans-Channel Flight" by Blanchard

(France) and Dr. Jeffries (U.S.A.). This flight flown by John Boesman with 220 envelopes and cards on board.

June 21 saw the "Leiden Balloon Race by Hague Balloon Club". This flight had special cards showing Abraham Hopman, first Dutch pilot who was born at Leiden in 1770. The Dutch balloon came in second with Nini Boesman at the controls.

July 28 brought a flight to commemorate the first ascension in Holland by Blanchard in 1785. The pilot was Steeman.

The gem of the year was posted (Continued on page 15)

The fluorescent West German
regulars about which we wrote
several weeks ago are on a very
different yellow paper. It differs
from the white paper which is
generally used for German stamps,
so that the fluorescent type is to
be recognized at once.

This yellow cast of the DBP
watermarked paper comes from the
fluorescent material which has been
included when this paper was
manufactured. Therefore, these
fluorescent stamps must be recog-
nized as a special issue and not
as a variety.

Up to today there have been
printed on this yellow paper only
the regulars of the first Heuss issue
which has been issued since 1954.
They are the values of 5, 7, 10, 15,
20, 25, 30 and 40 pfennigs.

West German Christmas Seals —
This year's West German Christmas
Seals have been issued in sheets
of 60 subjects, but in the center of
the sheet there are ten of white
paper on which a slogan propagand-
izes the use of Christmas Seals,
so there are 50 actual seals per
sheet.

There are two different designs:
One, blue, white, green, and red
depicts a Christ Rose; the other,
reddish brown, yellow, green, and
blue, shows a Mistel. The inscription
is "Tuberkulosemarke / Weihnach-
ten 1960".

One sheet is sold at the price
of 4 Marks (\$1 US), so that the
price of one seal is 8pf. (2c US).
The seals are available at Komitee

berkulosekranke in Bayern, Holbein-
str. 11, Muenchen 27, West Germany.

Stamps issued by the
UNITED NATIONS
POSTAL ADMINISTRATION
upon the occasion of the
FIFTH
WORLD FORESTRY CONGRESS

The Fifth World Forestry Congress—the first to be held in the
Western Hemisphere—meets in Seattle, Washington, to discuss
matters relating to the science and practice of forestry, with par-
ticular stress on the harmonious use of multiple resources in
forest and related areas.

The theme of the Congress, "Multiple Use of Forest Lands,"
is aptly symbolized by the official emblem which appears on the
commemorative United States stamp. The exchange of infor-
mation and the development of personal associations among the
gathered foresters should go a long way in furthering worldwide
acceptance and application of this important approach to the
world's forest resources.

We hope that this stamp will help call the attention of the
people of the world to the Fifth World Forestry Congress and to the
vital forest resources which cover about one third of the
earth's surface.

Mexico Releases 1960 Anti-TB Seals

Mexico's struggle against the white plague in the backlands of river valleys of the southeastern region of the country is featured on the Christmas seals issued for 1960 by the National Committee for the Fight Against Tuberculosis in our neighbor to the south. The seals are of a single design, in natural colors.

They show the first river unit, placed in service by President Adolfo Lopez Mateos on April 17 of this year. It travels from one village or settlement to another along the navigable portions of the Grijalva and Usumacinta Rivers. It is equipped with an X-Ray unit, medical supplies, laboratories, and hospital space.

While seal designs in some other years may have been of more interest to the foreign collector, none has better portrayed to the Mexican people just how far-reaching is the effort to control the ravages of tuberculosis in the country.

The inscription on this year's seal shows the value - ten centavos - the initials of the Committee (C.N.L.T.), the Lorraine Cross, name of the country and the year, and in small letters the words "Mensajero de la Salud" (Messenger of Health).

As in previous years the seals may be obtained from Dr. A. W. Bork, Director, Latin American Institute, Southern Illinois University, Carbondale, Ill. Collectors should send 50c for each sheet of 50 seals desired plus 10c per order postage, either by personal check or money order. No unused postage stamps, please, and if coins or cash are sent, it will be at the owner's risk.

Sheets of Mexican seals for previous years, beginning with 1956, are available at the same price. Earlier years can also be supplied upon request, as the Committee still has small stocks on hand.

Francis J. McCall
2725 29th St., N.W.
Washington 8, D. C.

We have returned from a short
trip to Florida, during which a visit
was made to Leesburg to attend
the annual convention of the Assn.
of Florida Stamp Clubs, "FLOREX
1960".

An impressive exhibition formed
part of the proceedings. As expected,
the material shown was largely
U.S. with a strong Confederate
and local flavor, although Austria
was well represented.

One exhibitor showed a beautiful
selection of Canadian plate blocks,
and in addition, five mint and two
used copies of the Seaway invert.
Two examples of the same stamp
with double impression were also on
display.

From Leesburg we traveled to St.
Petersburg to research early Florida
postal history. We met many collec-
tors and historians in both cities
and were hospitably received every-
where.

The Florida folks have any num-
ber of active stamp clubs with
varying numbers of members. At-
tendance at meetings is good and
several research programs are be-
ing worked out by the more serious
collectors.

During our journey we came
across a packaged mildew preven-
tive which is used to protect col-
lections stored in cabinets, closets
and such places, against dampness
and excess humidity. We cannot
vouch for its effectiveness but those
using it seem well satisfied.

We examined one mint collection
so protected for many years, and
the stamps were in as good condi-
tion as the day they were bought.

The 1961 edition of Minkus British
Commonwealth catalog is now avail-
able. This cardboard covered
volume lists and prices stamps of
the British community countries
only. Profusely illustrated and printed
on good paper stock, it contains
much pertinent information about
the countries and their various
stamp issues.

Many varieties unlisted by other
American catalogs are presented
and separately priced, and the col-
lector can readily see for himself
the relative scarcity of the variety
in comparison with the normal.

This is an important factor when
dealing with some of the perfora-
tion varieties of both 19th and 20th
century British issues.

The usual fine editorial work is
apparent to all serious collectors,
who can take comfort in the fact
that many authoritative collectors
and professionals assisted in the
compilation. The catalog is a phil-
atelic library "must" — Price \$3,
and well worth it.

Norfolk Island — November 30
saw the withdrawal of the 1/2d, 1d,
2d, 4d, and 9d stamps of the Ball
Bay design. This brings to eight
the number recently removed from
sale, as the 7d and 8d overprints
and the 5d Post Office commemora-
tive were so treated October 31.

Ghana — As part of its program

Harrison has done the printing by
multicolored photogravure on Ghana
watermarked paper in sheets of 30

Papua And New Guinea — Three
more denominations of the perma-

peared as announced November 10.
The values, made necessary by a
change in postal rates, are similar in
design to those they replace, which
were issued in 1958.

The 5d is the small size showing
the cocoa industry; the other two
are the larger commemorative size.
Mint copies are available from the
Philatelic Sections in Australia.

North Borneo — Waterlow is pre-
paring a new definitive set of 16

signs feature natives, birds, animals,
and flowers, providing interest to
most topical collectors as well as
dyed-in-the-wool British Asia en-
thusiasts.

The recess process in two colors
is being used on C. A. wmk paper.
size 28 x 35mm perf to perf. The
cent values will be in horizontal and
the dollar values in vertical format.
The two top values of the present
set, which were released February
1, 1957 may develop into fairly good
items, since not too many can have
been sold. Commonwealth Catalogue
lists only one additional printing of
the \$5 and none for the \$10 denomi-
nations — "a word to the wise".

EUROPA
UNITED EUROPE

The hope for a United Europe

peace loving Europeans. The

approaching a climax with Bel-

Luxembourg and Netherlands
forming the nucleus of this
unity... true coexistence.

This group of **WHITE ACE**

INTERNATIONAL
(Continued from page 10)

July 3 and postmarked at Cologne, West Germany used a special cancel on the 225 or so covers and cards on board. This was a flight in conjunction with the "Kolner Klub Fur Luftsport".

On August 3 came a flown item postmarked "Bergeijk" to note the first private filling place in Holland were coke oven gas (fuel) is supplied. Nini Boesman flew the balloon "Utrecht" with about 145 letters or cards on board.

August 17 saw a flight showing Van Maasdijk, famous Dutch pilot of 1910 era, on some 285 cards on board.

Other flights came August 23 and 30 but we shall report on them later. We can further report the group in Holland operates as a non-profit body with proceeds going into the Netherlands Aero Museum. Collectors who desire to contact the group may send us a stamped envelope for further details.

Many readers have written us recently about the issues of Poland. They are today seeking first day covers. Poland issues official first day covers, collectors may ask their dealers for them.

We can report that some of the first flight covers of "Lot" Airlines of Poland are indeed gems. We have been in contact with many stamp collectors in Poland and find that airmails and first day covers are in good demand.

In fact, we are beginning to collect Polish FDC's ourself, for we enjoy the historical tie-in of these elusive items. This is a field that is wide open for American collectors; they are inexpensive, with none of "tricks" of the trade used by some of the agencies.

We are especially pleased by one of the Polish three-value sets on FDC, a tribute to the Warsaw firemen which came out in 1957. This is but one of the fine official Polish FD covers. We hope soon to tell more about collectors and publica-

tions in Poland.

Both Japan and the U.S. issued "Friendship Stamps". We wish to thank the many Japanese collectors who are in contact with us. We are always proud to hear from our friends in Japan and the Ryukyus.

On September 22 a special cancel was used on the Royal Wedding souvenir sheet for the visit to the States of the Prince and Princess. The cancel, in brown shows two birds. Also, September 20 brought a stamp for the 40th anniversary of aviation in Japan. This 10 yen item shows a Henri Farman plane and a modern jet craft.

For the September 27 first day of the "Friendship with U.S.A." souvenir sheet a special cancel, showing the seal of the U.S., was in use at Tokyo.

For readers who have asked about the imperfs of Hungary we can report that we have contacted the Post Office Department in Hungary with no response to date. We see no reason to pay ten times face for this material and will NOT purchase any of these imperfs until we see them genuine, on cover, and ascertain that they are not "trick" stamps tailor-made for collectors.

In closing we wish to thank the collectors in Malaya who sent us first day covers of the Kuala Lumpur Rubber Research Conference in Malaya. Yes, they know of our efforts for a Goodyear commemorative issue. We came out for this stamp two years ago and we feel that Asia should know that an American did much to help their economy rise.

We think Malaya did a fine thing in honoring the rubber industry—what say, collectors in this country—why not contact the Rubber City Stamp Club with your views on a Goodyear stamp? It can be contacted by writing D. C. Butts, 293 Storer St., Akron 2, Ohio. We hope the U.S.A. honors Charles Goodyear, founder of the method of vulcanizing rubber, before he appears on a stamp of some other land. Let us give credit where credit is do.

ECUADOR (Continued from page 16)

philatelist and an adviser to the Ministry of Finance, decided to buy the whole issue and retain it. They planned selling it afterwards with great profit and giving Ecuador a "rare" airmail item.

In order to give the stamp the appearance of legality of issue, a phony order (that never was accomplished) was made that some 419 examples had been sent to the Universal Postal Union of both the ordinary and the official stamps. Then the adhesives were acquired by the foreign diplomat (1000 ordinary and 300 official) and the enterprising Ministers. These two got 769 of the ordinary and 619 of the officials.

In addition in order to satisfy some friends who were collectors, 231 of the ordinaries and 61 of the officials were sold in Quito, to COLLECTORS ONLY.

Some stamps were sent to Guayaquil and had postmarks put on them, to make a few resembling actually flown pieces. However, one can actually see the gum on the stamp, showing that it was never used. The "cancellation" is just the common philatelic strike done with well centered postmarks - very uncommon in a normal postal mark which is seldom well centered.

Once the activities of Pan American Grace Airways, Inc. got under way in Ecuador and the company started transporting mail in bulk, then the need arose for 10S. stamps - and none were to be found. Those once in existence had been very well manipulated.

Accordingly, in December 1929 a rush order was sent to the American Bank Note Co. for a new set of 10S. stamps. In the meantime the 5S. yellow was placed in use to pay for the 10S. rate established for air freight.

On February 6, 1930 the new supply arrived of the 10S. black (Scott No. C30) for ordinary use and the 10S. official, also black (No. C012) in accord with the decree of May 6 1930.

These two are the ONLY legal 10S. stamps, because neither the ordinary 10S. vermilion red (No. C15) nor the official (No. C08) was legal or actually used. They were acquired for commercial use by the two enterprising Ministers of State and the foreign diplomat, without ever seeing actual use in the mails.

All the courtesy postmarks bear the date of July 29, 1929 when they were sent to Guayaquil to be postmarked, and to give the stamps the appearance of actual use in the transportation of the airmails.

The subsequent history of the stamps is interesting: Of the two Ministers of State, one died during the dictatorship of Dr. Isidro Ayora, the other about ten years ago. At his death a great deal of the stamps still remained with them and their heirs sold them for almost nothing!

The enterprising foreign diplomat took the stamps to Yokohama, Japan and in his travel a sheet was stolen. It appeared afterwards in the United States, to be sold in pieces by airmail specialists.

On his transfer to Italy, the foreign diplomat sold the rest of his sheets in Genoa, and they were sold in isolated pieces from Europe, a great deal of the stamps being returned and sold in Ecuador at a very high price.

The diplomat later went to Argentina. There, needing funds, he sold the rest of his stamps and now remains in oblivion. The stamps that were postmarked were sold by the heirs of one of the Ministers, at very low prices, because they said they were no good at all with the postmark!

The two 10S. adhesives can be considered as essays, but the issue has no proper philatelic value because it was manipulated and never saw actual mail service since the 10S. rate was too high for existing tariffs.

The Scott Catalogue lists the "Official Use" stamps as "Registration Stamps". That is not true, because they were intended for official business letters only.

They were not actually used at all and a great deal remained to be overprinted later on with the overprints Nos. C32-34 and C35-38, thus proving that they were made only for official use.

form official use. Surely, if used for registration they would have become more plentiful without the overprint than they actually are.

The philatelic scandal of the "vermillion reds" was world-wide and it gave Ecuadorian airmail stamps a bad start with collectors. But as time went by and the silent cover of forgetfulness has engulfed this scandal, these adhesives have been sold in auctions and in special sales as "rarities".

The fact is that they are not as valuable as the 10S. black (No. C-30) which is very scarce in mint condition, because only 15,000 were ordered and used in almost ten years. Thus the really valuable and legal stamp is this one and not the "vermillion red" that is only an essay and never sold over the counter or actually used at all.

RASCALS
(Continued from page 1)

of speculators, who had previous experience in cooperating with certain post office personnel in these speculative issues, had been reinforced by a newly recruited band of special speculators for this particular issue.

The way these non-philatelist and non-dealer gentlemen operate is to present themselves as "dealers" and to be allocated from 100 to 350 sets each, as dealers. They are not on the regular dealers' list, with standing orders for new issues, because they are not interested in anything but speculative issues. They are, however, "recognized" as "dealers" on these special occasions by post office personnel and allowed to make these purchases — under certain conditions.

Let's see how they operate.

Joe Shoemaker's Big Deal — Big-time dealer Joe Shoemaker, who is slightly literate (mostly with figures) and whose knowledge of stamps is similar to Sherpa Tenzing's familiarity with the inside of an atomic bomb, has presented himself in an official's office, been duly certified to purchase 350 sets at face (75 piasters, or 25c U.S. per set).

By waving what looks like an official paper and muttering something about having to enter the stamp-distribution office on "urgent official business" he has chiseled in ahead of irate collector John Doe, who has been in line for a few hours, and secured his "stock".

In due course he is approached by sad-faced dealer Tom Nostock who is trying to supply 1500 sets to a New York wholesaler under threat of termination of all standing orders if this one is not filled. "I am prepared to pay 750p. a set," begins Tom, hoping that ten times face (a profit of \$787.50) for Joe's quarter-hour of strenuous work, will sound attractive.

"That was yesterday, November seventh," says Joe. "Today is November 8. All the big dealers' stocks are finished. I am ready to offer you (he opens his briefcase and lets Tom view the complete sheets) more than a third of the quota which the post office allowed the biggest dealer in Beirut of these rare stamps. All for you, and for only 1000p. per set."

Tom groans, but he has to face up to the facts. He has just been held up by Jim Hamsnatcher, a mere "satchel dealer" among the speculators, to the tune of 1050p. per set, for 100 sets, so Joe is really doing him a favor.

\$1015 Profit from \$87.50 — The stamps change hands, as Joe makes a lightning calculation concerning exactly how much of the \$1015 profit out of his \$87.50 investment is his to keep and how much must be forked over to a certain contact who graciously facilitated this profitable 20-minute interlude in an otherwise dull day.

But whatever the percentage, Joe is happy. Since he can't conveniently repeat the process himself, he has no reticence about crowing over the easy killing. The news spreads outside the post office.

"Hey, Chuck. Did you hear that? All you have to be is some kind of a stamp-collecting nut, you go in the PO and pay 300p. for eight funny kind of stamps and you can sell them right here to these other nuts for 4000p. the next minute."

To the select swarm of speculators milling around among the long-suffering ordinary collectors is now added a new mob from the street shouting "We are collectors! Where are our stamps?"

The newcomers are not exactly polite and they are no respecters of lines. The collectors react in kind and the speculators take advantage of the mele to chisel in at the head of the line. Soon the situation gets out of hand and red-faced officials telephone the Police Department for help.

Brigade 16 Riot Squad Arrives — Tough, hard-hitting Brigade 16 arrives, red berets, parachute boots, tommy-guns and all. They are used to breaking up riots, and this one is no exception.

The riot took place on the ninth. On the tenth this writer ventured onto the scene, having failed in two previous sessions to get within yards of the holy of holies where the "permits" were awarded to individuals with more time on their hands than he had.

The battleground was strangely silent. In fact, the PO was back to normal again. A frustrated-looking but bona fide dealer, with 2000 sets in stock and 5000 orders to fill with them, was gloomily surveying the scene.

"Where do I apply to buy a few sets of the Refugee semipostals?" I asked, feigning innocence.

"Why didn't you come the past few days?" he asked.

"I did."

"What happened?"

"You tell me."

"Ah, I see. Well, it's too late now. Their excellencies have pontificated to the effect that 14,000 sets — the entire amount earmarked for Post Office sale — have now been fairly distributed and that's it."

"Quit kidding me. You export dealers got 8000. Maybe another 14,000 went out here in the past four days; that makes 22,000. Where are the other 6,000?"

"3000 are being sent to the UPU in Berne and another 3000 reserved for emergencies and for high officials of the government who may care to purchase a few as souvenirs," he replied.

"OK. So that leaves 3000 sets here. I only want three or four. What now?"

"I'll take you to the Director-General. You've got to have your rights."

It's Finished! — No Director-General. The stamp-distribution office, now easily accessible, expressed its regrets. "It's finished."

"What, exactly, is really going to happen to the rest of the sets?" I asked the dealer.

"Additional speculators, being recognized as 'dealers', may get a lot of them in 'emergencies' just as they did most of the 14,000," he replied.

"What effect is this having on the price?"

"I've been offered at from 1300 to 1500p. per set today, but I'm not buying; 20 times face only four days after issue is too high; it will ruin the trade and stop interest in Lebanese stamps if this is kept up. I'm going out of the race."

But he was a good Joe and he let me have one of the sets he had purchased at face on his lean quota of the first day, without making a profit on it. "One set won't settle my troubles," he said.

One dealer was hopping mad and was trying to fight back, both on the philatelic front and at the root of the trouble, in the government itself.

Accumulating proof of the situation spelled out above, he and the principal stockholder of the company called on the Administrative Reform Commission.

This organization was set up by the new Chehab regime following the end of the 1958 revolution to effect administrative reform in the government by rooting out corruption, inefficiency, graft, duplication of functions, redundant personnel, and obsolete procedures.

Laying the proof before the commission they asked what could be done to apply all of the commis-

sion's points of reference to the Ministry of Communications' stamp issuing and distributing agencies. (Continued next week)

Bruns' Four Topical Catalogs In French

The highly popular set of four topical catalogs first issued last year by Clement Brun and Sons of Paris has now appeared in its respective four 1961 editions. Subjects covered are United Nations, Flowers, Animals, and Olympics and Scouting.

The 5 1/4 x 7 1/4-inch paper-bound offerings are nicely printed on good the new franc currency. Each of the ranged by countries with prices in paper, amply illustrated, and arranged handles its subject well; they are of uniform size and style, with from 76 to 98 pages per volume. The language used is French throughout.

The price is 80c U. S. per title, from the publishers at 84-85 Galerie Beaujolais, Palais Royal, Paris 1, France. The firm will supply the names of agents abroad on request.

Additional Pages For Reference Book

New information will be included in the original "U. S. Postal Markings 1851-61" book sponsored by The U. S. 1851-60 Unit (American Philatelic Society Unit No. 11). Five addenda sheets have been issued since publication, reporting additional items from contributors as well as minor text corrections. The sheets are printed on one side and in type to match that of the book. Thus individual references may be clipped and pasted in the margin of the book.

Members of The U. S. 1851-60 Unit receive these addenda without charge. Others may obtain them by remitting 10c each to the author, Tracy W. Simpson, 66 Alvarado Road, Berkeley 5, California.

The book and accompanying pricing pamphlet plus all issued addenda are available for \$6.50 from Mr. Simpson as above.

FAR ROCKAWAY 91, N. Y.

THE NEWLY ESTABLISHED REPUBLIC OF GUINEA paid philatelic tribute to the Olympic Games by overprinting various existing issues with suitable designs and legends October 31. "Jeux Olympiques / (the five Olympic rings) / Rome 1960" appears in black on the 50 francs value and in red on the 100fr. regular and the 100, 200 and 500fr. airmails. On the last named the overprint is in larger format than on the other four.

Mexican Revolution Issue In Installments

The Philatelic Society of Mexico has reported that the scheduled nine-value set commemorating the 50th anniversary of the Mexican Revolution of 1910 has encountered production difficulties, and that only a single value was released on the proposed November 20 day of issue.

The remaining eight denominations will appear as soon as production and servicing arrangements can be completed, and Jack M. Verrey of the Society states that all orders for first day covers will be serviced when the remaining adhesives are released.

The 10c item which appeared the 20th is approximately 40 x 58mm perf to perf, in multicolor. It notes agrarian reform, and depicts a farm scene in multicolor.

No Medallion Cancels At Garibaldi Release

First day cover collectors have noticed that the usual pictorial style cancellation was not employed at the November 2 release of the Garibaldi 4c and 8c "Champion of Liberty" stamps at Washington, D. C.

As previously described in news releases (Linn's, October 31) the medallion portion was to show a map of Italy and "CENTENARY / ITALIAN / UNIFICATION". At the last minute, however, it was noted that the map was not complete—Sicily had been omitted — and the dies were withdrawn. It is understood that no medallion cancellations were applied.

New Officers And Quiz Program At Minneapolis

Newly elected officers will be in the chairs when the Minneapolis Stamp Club holds its December 9 meeting at Pillsbury-Citizens Service, 320 16th Ave. S., Minneapolis, Minn.

They are Roy Ristrum, president; Roy Hansen and Ron Johnson, vice presidents; Mrs. C. C. Hansen, treasurer, and Mrs. Violet Gray Sundeen, 2424 25th Ave. S., Minneapolis, secretary.

The meeting will feature a philatelic quiz program, while December 23 will bring the Christmas party theme.

Children's Day Syrian Commem

Bruce Conde

After startling us with the "German-type" design of the recent Damascus Fair stamp, the Syrian Region of the UAR has come out with an entirely new type of design which somewhat baffles observers trying to keep up with the ideas and policies of the Damascus stamp designing board.

It is the attractive Children's Day commemorative of 1960, issued to note International Children's Day. Originally announced and with first day covers prepared for October 3, the stamp was actually distributed to dealers on the seventh.

This 35 piaster (10c face) tricolor looks like nothing else the Syrian region has produced thus far. A fat, blond, Syrian baby, in flesh pink and dark green gazes at us in open-mouthed astonishment from the center of the main rectangular part of the stamp.

Curved in a crescent around and above his head is an Arabic inscription in dark green which translates: "International Children's Day, 1960", but the English-language translation below merely reads: "Children's Day, 1960".

The whole is surrounded with violet brown arabesques, into the lower corners of which are fitted the bilingual value designations, while the English abbreviation "UAR" fills the space between them. All figures and letters are in dark green.

This basic design takes up somewhat more than the lower three fourths of the stamp surface, with the national inscription, in very elegantly designed Arabic script, filling a top panel, above. This inscription, too, is in dark green.

The stamps are 42 x 26mm verticals, on unwatermarked paper, perf 11½. Some 150,000 copies were issued, together with 2000 official first day covers. The stamps were tied to cover with a suitable first day cancellation.

The FDC's show much improvement and imagination over previous designs. They used to be merely enlarged reproductions of the stamps themselves, in the form of monocolored cachets.

Now, however, we are treated to a charming line drawing of a little girl with a parasol, with Arabic inscription above giving the essential commemorative data, and English below (including the day designation (October 3). The inscriptions are in red, green and black, which, with the white background, make up the UAR and all-Arab national colors.

The First Day Cancel is circular, with an inset "8-pointed" umbrella design, this motif seemingly being used to symbolize protection for children. It contains the same Arabic (above) and English (below) commemorative texts as the stamp and the FDC, with the date 3/10/60 in the center.

When written in figures, without spelling out the names of the months, Arabic dates habitually designate first the day, then the month number, and finally the year,

New Club Under Way In Black River Falls, Wis.

At its first regular meeting November 10 the Black River Stamp Club nominated the following officers: president, Mrs. Robert Porter; vice president, Duane Esser; and secretary-treasurer, Clem Fontaine.

The next monthly meeting will be December 8 at 7:30 p.m. in the library of the High School in Black River Falls. There are 17 members enrolled and everyone interested is invited to attend. Details from Mr. Esser, Alma Center, Wis.

NOT month, day, and year, as is sometimes found in foreign date figures.

When using western "Arabic" numerals, these are written left to right, as in English, but when using Arabic numbers, the order is reversed, with day, month, and year figures from right to left, and the Christian year date may be either '60, '960, or 1960 in these cases.

Child care has advanced immeasurably in the Syrian region since that entity won its independence from France in the 1940's, and the healthy-looking youngster on the stamp is typical of the average young Syrian Arab child of today.

In an earlier article it was explained that, contrary to popular belief in the west, all Arabs are not dark skinned, or even brunettes. There are ancient blond strains, some of Phoenician origin, others Circassian, Turkish, Crusader, or just Arab tribal.

The people around Dera'a on the Syro-Jordanian border, for example, are famous for their blond types. There are innumerable racial types, for there is no pure "Arabian" race.

The Mediterranean type is usually tall and lanky, and angular featured, but there is a coastal sub-type which is very round-headed, with a flattening of the back of the skull. It is found all the way from Palestine, through Lebanon, to the Syrian-Turkish border.

The young man in the picture is of this coastal type. With school lunch programs, milk allowances for underprivileged children, free medical attention, and other benefits, the Syrian UAR younger generation shows signs of outgrowing its elders.

BPA '60 Yearbook Of Philatelic Societies

The "Philatelic Societies Year Book" of the British Philatelic Assn. Ltd., is still the most comprehensive publication of its kind.

It is accurate up to the time of going to press, as only information submitted since publication of the last edition has been included unless otherwise indicated in the case of affiliated societies.

Apart from the main matter, this year's edition includes, for the first time, a geographical index of societies grouped in sections covering London and District followed by the counties in alphabetical order. The list of lecturers and competition judges has been revised and once again offers a useful service to society secretaries.

A new development is the offer of affiliation to county federations and associations. A brief report regarding the London International Stamp Exhibition of which the BPA was one of the sponsoring organizations is also included. The price is \$1.25 postpaid, from the BPA, 3 Berner's St., London W1, England.

New Officers, Auction At Cincinnati Meeting

The Cincinnati Philatelic Society held its annual election of officers at a recent meeting and named Gus Sarandos, president; Harry Schwab, vice president; Clarence Wissel, secretary; and Sol Kaplan, treasurer.

The final stamp auction for this year will be held at the December 5 meeting at the Cinti Club, 8th and Race Sts., Cincinnati, Ohio. About 100 lots will be sold to the stamp public, and all collectors throughout the area have an open welcome to attend.

News From New African Nations

One set of stamps from Ghana, two from Somalia, and a fourth from Togo make up the supply of this week's developments in the new nations area of Africa, according to the Philatelic Agency of New York City.

Ghana each year for the past three has issued commemoratives in tribute to the United Nations. The 1958 set marked UN Day; 1959, the UN Trusteeship Council. This year December 10 will bring a trio noting Human Rights Day.

Values of 3d, 6d and 1/3 will follow closely the UN style of design, with the UN emblem on each and in addition the Star of Ghana on the low value and the flame of Human Rights on the 6d.

Printing is being done in multi-color photogravure by Harrison and Sons, London in sheets of 30 subjects. Designers are Willie Wind, 3d, and Michael Goaman, 6d and 1/3.

In Somalia November 24 brought the two previously announced sets for Children's Day and the Olympic Games. The former consists of 10c, child drawing picture of giraffe; 15c zebra; 25c rhinoceros; and 3 Somalia, leopard.

Also of four values, the Games offering shows the Somalia flag on the 5c and runners on the other three — 10c, 45c and 1.80S. The 45c and 1.80S are airmails.

Togo's UN Anniversary set serves the double duty of noting that body's 15th anniversary and of marking the nation's admission to the organization. Values are 30 and 50c, 1, 10, 25, and 30 francs, after a common design by M. Shamir. Printing is by De La Rue, with "late November" release scheduled.

Goodkind At France And Colonies Group

The France and Colonies Group has announced that the speaker at its next meeting will be Henry M. Goodkind, editor of The Collectors Club Philatelist and Aero Philatelist Annals. He is also the author of the "RF Overprints on Air Mail", a publication of the Steinway Memorial Publication Fund of The Collectors Club.

Mr. Goodkind will show and discuss what is probably the most extensive collection of the RF overprints now in existence.

The meeting will be held at 8 p.m. December 6, at The Collectors Club, 22 E. 35 St., New York City. Visitors are invited.

DIE TWO

Edward Cardon of Daytona Beach, Fla., has a 2c "Die 2" U-1 style precancel from Grand Rapids, Mich., and another "Die 2" also on a U-9 style from Waterbury, Conn. He wants to know their status.

Well, first off I would say the Grand Rapids U-1 is a U-3. Grand Rapids never used a U-1. U-3 looks like U-1 but is much smaller. On the Waterbury the type is right.

About "Die 2" items: only in Bureau prints are these given any attention and then many collectors pass them up. Both of the above mentioned items are locals, so outside of a few specialists there is little interest in plate varieties of any U.S. precancel except by a very few.

Remember the shift in the 30c Bison some years back? Many a stamp I looked at for collectors, for the double impression, but I have yet to meet the first person who collects the things! There just seems to be far too much in Precancels to go after to mess around with plate varieties.

It has been my observation that when a Bureau collector has pretty well filled up his small B-11 (B-13) type Bureaus he might start hunting those "Die 2" items he needs.

There are six of them in the Whiteborough album with illustrations showing the collector how to identify the retouched die. Whether any additional values have been found I don't know right now. We sure can find out if enough are interested.

CORRECTED PLATE

While on the subject, and while looking in the old Whiteborough album I came across this variety that still can be found if you search hard enough. Anyone who knows much about Bureaus knows about

the 1½c and 8c MIKWAUKEE errors.

Well, after these were found and publicized the Department simply corrected that plate. In so doing it made an odd looking "L" in place of the wrong "K" that had been there. On some the horizontal stroke is longer; on others it seems to sag downward.

I have copies on the ½c, 1c, 2c, 3c, 5c, 10c, and 1½c FF. The vertical stroke is also longer than on the originals.

There still is another variety on this plate showing more space between "W" and "A" of "Milwaukee" than in most of the other subjects. The catalog does not mention just how often this occurs in the plate.

Noble says they are worth five times regular catalog prices. Gunesch-Coda has a price on each, as well as the repaired "L" and also adds a shift in the "W" of "WIS." which I have never tried to find. If you like this kind of thing there is plenty to hunt in Bureaus.

NEW MAINE PRECANCELS CATALOG — The fourth in a series of State Catalogs for precancels has just been announced by Richard J. Coda Sr., with the assistance of the Ernest F. Stillings Edition of the Maine Precancel Catalog.

At the time of Mr. Stillings' death he had the largest and most complete collection of Maine precancels in existence. This collection was purchased by William N. Schultz of Springvale, Maine who has assumed the editorship of the Maine Catalog.

One of the features in the catalog is the exact photographic reproduction of each type of precancel imprint used thus eliminating any guess work in distinguishing the various types.

Precancel envelopes, Provisionals and the early Bar Type have been made an integral part of the catalog thus providing for complete coverage of everything that is precanceled. The volume is of 29 pages, 5½x 8½ in size, punched for the small three-ring binder. Album pages for Town and Type collecting are also available.

"Postal Stationery Of Poland", Part II

Part II of the Polish "Calostki Polskie, Czes II Karty Pocztowe 1918-1939" has now been completed in Warsaw and is available to State-side collectors via mail-order. It covers Polish Postal Stationery, postcard section, 1918-1939.

Although about 240 of its almost 300 6 x 9 pages are in the native language, there is a 58-page English summary of the principal features of the more extensive Polish language material.

The work goes into considerable detail and is suitably illustrated with reproductions of stamps, part or entire cards, and necessary diagrams.

It was prepared by Stanislaw Zolkiewski and edited by the research commission of the Polish Philatelic Federation, Warsaw. It is available from this body at Rynek Starego Miasta 14, Strona Barsa, Warsaw, Poland.
